10th March 1951.

Call for a detailed report from the S.A. in Consultation with the P.D.D. and the D.H.O.

ASSISTANT SECRETARY
10 MAR 1951
HEALTH DEPARTMENT

From:

Sri. L. Narasinga Rao
Belpu Village, Uchila Post
Udipi Taluk, SOUTH KANARA.

To:

The Hon'ble Sri. P.S.Kumaraswami Rajah
Prime Minister
Government of Madras
Fort St. George, MADRAS.

10632

Respected Sir,

I beg to submit the following for your kind perusal and favourable orders:

1. That Belpu Village is in urgent need of a Rural Dispensary with a Meternity Section attached to it, since more than 3000 villagers of ~~Belpu~~ Belpu go without Medical aid either in Sickness or in cases of complicated Deliveries.

2. That the Villagers of Belpu have submitted a pettision praying that a Rural Disspensary with a Meternity Section may be opemed in their village, to The Didtrict Board of South Kanara

2. That the Petitioner has got a First class Building ready constructed at a cost of over Rs.25000/- as necessary for a Rural Dispensary with a meternity Section attached with Six beds and has fitted the Didpensary and the Dispensary with necessary Furniture specially made for the purpose.

3. That the Petitioner is willing and prepared to donate to The District Board, South Kanara, the Land, Buildings and Furniture for the specific purpose of opening a Rural Dispensary with a Meternity Section attached.

4. That the Petitioner has already offered the donation to The District Board, South Kanara with a plan of the Building in his letter dated 1. 2. 1950, and The District Board President visited the Place and inspected the same.

5. That the Petitioner lerns that the proposal to open the Dispensary at Belpu Village has been dropped for the present by the District Board for want of Funds.

6. The Petitioner respectfully submits that, if the Dispensary is not opened at the Belpu Village, it will be a very great misfortune and dis-appoinment to 3000 villagers and in addition the up-to-date Building and the Furniture specially built at great cost and great trouble to the Pettitioner for the last two years will be rendred useless and go to waste.

7. The Petitioner now learns with pleasure that The Goverment have approved and making arrangement to open HEALTH CENTRES in Rural Villages and humbly prays that His offer of Donation for the benifit of the Village may be considered and orders passed.

A plan of the Newly constructed Building is enclosed herewith.

The Undersigned therefore humbly prays that the Rural Dispensary may kindly be caused to be established in Belpu.

Yours truly,

ಎಲ್.ನರಸಿಂಹರಾವ್

p. 21 ante

The District Board in its resolution No.60, dated 18th July 1951 has resolved to open a Rural Dispensary with the aid of Government subsidy at Belpu.

2. With regard to the opening of a regular dispensary by the Board, a recurring expenditure of about Rs.8,340/- will be required per year. If a regular maternity section as required by Sri Narasinga Rao of Belpu has to be attached to it, a lady doctor and a nurse will have to be employed besides other charges required for maintaining a regular maternity section. For this purpose an additional amount of Rs.2,000/- per annum will be required.

3. On account of the financial difficulties, this Board is unable to run a regular dispensary at Belapu at present. Besides it is not desirable to have a regular dispensary at Belapu as it is a small village with 300 occupied houses and a population of about 1700, having a rural dispensary, at Kaup at a distance of five miles from Belpu.

4. In these circumstances, I request that you may be pleased to recommend to Government to sanction the necessary subsi from state funds for the opening of a Rural Dispensary at Belpu at as early date as possible. If this dispensary becomes popular and shows good attendance, the question of converting it into a regular dispensary may be taken up later.

With reference to the above, I forward herewith a copy of the letter dated 18-2-1952 from Sri L. Narasinga Rao as desired by you.

FOR PRESIDENT.

S/2-4

Copy of letter dated 18-2-52 from L. Narasinga Rao, Bellapu village to the President, Dt.Bd.S.K.

Your reference A4/249-51 dated 8-2-52 duly to hand. It is really both surprising and regrettable that even when I offer to donate a building as also Rs.1,500/- the Government should still be reluctant to open a dispensary and maternity section. The building and furniture have cost me over Rs.25,000/- Though giving medical aid is the primary duty of the Government, I constructed the building and offered to donate the same, with the laudable object of helping the poor villagers who are badly in need of medical aid and particularly maternity assistance. I did not think that even acceptance of a gift and carrying on its primary duty is so difficult. I have become the laughing stock of the public. I wonder whether this is a lesson to those who come forward with donations for public purposes.

A1

I once again earnestly request the District Board and the Government to open a Rural Dispensary with a Maternity Section attached at Belpu this year itself. If it is only a Rural dispensary, I have no objection to give the use of the building which I have built at a cost of over Rs.25,000/- but I am not prepared to donate the same or the sum of Rs.1,500/-

I once again appeal to the Government in the interest of the villagers and as an incentive to those who come forward with donations to immediately open the Rural Dispensary and Maternity Section at Belpu in which case my offer of donation of both the building and Rs.1,500/- stands.

p.1 ct — Extract of the remarks of the Secretary dated 16.3.51 on page 1 ct:—

"Call for a detailed report from the S.Gs. in consultation with the PDB and the DMO."

Sri. L. Narasinga Rao has offered p.1 ct a building worth over Rs. 25,000/- and ground and furniture for the purpose of opening a Rural dispensary at with a maternity section attached at Belpu. He has stated that as the Dt. Bd. South Kanara has dropped the proposal for want of funds the Govt. may consider his offer for opening a Health Centre. Presumably the ~~Government~~ Govt. means the opening of a primary Centre.

2/ With reference to the remarks of the Secretary extracted above the S.Gr was asked to send a detailed report in consultation with the PDB & the DMO. The DMS has reported that there is a Rural p.11 ct. dispensary at a distance of four miles from Belpu and that there is a regular L.F. dispensary at a distance of five miles ~~from~~ and that there is road communn. to the connecting villages. The DMS has

Suggested that the Dt. Bd. S. Kanara may be advised to take advantage of the offer for opening a regular or Rural Dispensary at Belpu

3. It is submitted that the general rule regarding the opening of a Rural dispensary in a place is that there should be no dispensary within a distance of five miles from that place. But in view of the report that the population of the Village is about 1925 and the population of the villages within a radius of five miles is approximately 22800 and in view of the offer made by the private donor an exception may be made in this case and the question of opening a dispensary at Belpu may be considered.

4. The DMS who was asked to send his report in consultation with the PDB, does not appear to have consulted the PDB and has sent his report after nearly three months suggesting that the Govt may advise the PDB regarding the opening of a dispensary at that place. It is quite necessary that the Dt. Bd. should be consulted before considering the matter further. The DMS may be asked to consult the PDB now and to send his report expeditiously. The draft memo submitted below for consideration.

Ref. Govt. Memo. No. 10632 L/51-4. Health dt 19-6-51
From the D.H.S. In. R. No. 25948 H/51 dt 7-9-51.

The notes on pp. 1-2 ante and the Govt Memo. on p-13 ff. may be perused

The D.H.S. has submitted his report in consultation with the P.D.B. S. Kanara regarding the opening of a dispensary at Belpu in S. Kanara Dt From his report it seems that the P.D.B. South Kanara is willing to open a subsidised rural dispensary with a R.H.P and a Maternity Assistant attached to it However it is reported by the P.D.B that the provision towards the cost of medecines and contingencies for the proposed subsidised rural dispensary would be made in the next year's budget only.

Submitted that the proposal made by the donor is that he is prepared to donate a building worth Rs. 25000/- and also pay a sum of Rs 1500/- for the first year for maintaining a dispensary with a maternity section attached. It therefore appears that there is no point in considering the question of opening a rural dispensary subsidised or non subsidised. It is therefore for consideration whether the D.H.S. may be asked to ascertain from the P.D.B. S. Kanara whether the Dt. Bd. will be prepared to open a regular dispensary with a maternity section attached accepting the donation offered and if so to obtain and forward necessary proposals with details of the expenditure which will have to be incurred from the Dt. Bd. funds or whether the D.H.S. may be asked to ascertain from

from the donor if he is willing ~~if he is willing~~ to make the donations if a rural dispensary is opened in that place.
For orders.

Memo. No. 10632-L/51-7 Health dated 24-9-51 — pp. 22-23 ante.

Please see the note on pp. 3-4 ante and the memo on pp. 22-23 cf. A reply to the memo has not been received yet. A special draft reminder is submitted below for approval. It may be issued but it may be taken for certain that the D.H.S. will not be able to obtain a final reply from the B.T. Board & send it to Govt. for before a fortnight at least. It is therefore for consideration whether pending the receipt of a reply from the D.H.S. the proposal to open in a suburban rural dispensary at Belpur with a RMP & a maternity assistant may be considered as a part II scheme for 52-53 although it is very doubtful that the donor may agree to revise offer a building worth Rs. 25000/- for a rural dispensary. If it is considered that the question of opening a rural dispensary may also be considered as a part II scheme, this may be sent to LA & Dir for remarks after issue of draft memo below.

Please see the notes on pp. 1-5 above and the final reply from the D.M.S. and its enclosure on P. 28 cf. The P.D.B. South Kanara States that in view of the poor financial condition the Dt. Bd. will not be able to run a regular dispensary at Belpu with a maternity section as required by Sri Narasinga Rao who has offered a building worth Rs. 25,000/ and Rs. 1500 towards the running expenses for the first year. The P.D.B. also states that it is not desirable to have a regular dispensary at Belpu as it is a small village

with 300 occupied houses and a population of 1700 having a rural dispensary at Kanp at a distance of 5 miles he requests that the Govt. may sanction the opening of a subsidised rural dispensary at Belpu.

Submitted that as already pointed out, it is doubtful whether Sri Narasinga Rao will donate the building if a rural dispensary without a maternity section, is opened.

As the proposals for opening of rural dispensaries are generally considered as part of schemes, the P.D.B. South Kanara may be requested to ascertain and report whether Sri Narasinga Rao will be willing to donate the building and the amount of Rs. 1500 promised by him if a rural dispensary without a maternity section is opened at Belpu in 1953-54 or later for orders.

P.T.O.

Please see the notes on pp. 5-6 ante, the memo. on pp. 30-31 Cf. and the reply from the P.D.B Sonth Kanara on p. 36 Cf.

It is reported by the P.D.B. Sonth Kanara that Sri Narasinga Rao who had promised to donate a building for the purpose of opening a rural dispensary with a maternity section attached to it at Belpu and an amount of Rs. 1500/ towards the cost of maintenance in the first year, is not willing to make the donation if only a rural dispensary without a maternity section is opened. It is also seen that he has no objection to give the use of the building for a rural dispensary at Belpu without a maternity section.

'A' on p 42 c.f

Submitted that the question of opening a rural dispensary was considered mainly in view of the donation of the building offered by Sri L. Narasinga Rao. But now he is not agreeable to donate the building for a dispensary without a maternity section. The Dr. Bd. is not in favour of opening a regular dispensary with a maternity section attached to it at Belpu for the reasons referred to ~~at~~ in the note on pp 5-6 ante. Besides the Dr. Bd. is also ~~in~~ not in a position to meet the recurring cost (about Rs. 10000) involved in the proposal. In the circumstances it seems that no useful purpose

purpose will be served by pursuing the matter further at present as such proposals are only considered as a part of schemes. However, the P.D.B. may be asked to review the proposal for the opening of a new rural dispensary for consideration in connection with the Budget Estimates for 1953-54. after satisfying himself that the donation of a building offered for the purpose will really be forthcoming.
